EXPERIENCE

UX Lead

Nov 2024 – Jan 2026
Mumbai, India

Locobuzz Solutions Pvt. Ltd.

- Led end-to-end UX across 3 product verticals — owned **Locobuzz CX** (enterprise AI SaaS, 400+ global clients incl. Audi, Nissan, AirAsia) and a pre-launch product; collaborated on CMOverse.
- Designed an **AI-powered media intelligence interface** — replaced complex query syntax with a modular interaction model accessible to non-technical enterprise users.
- Used **AI-assisted rapid prototyping** (Figma AI, vibe-coding) to validate interaction patterns faster; built Figma component library and design system documentation from scratch.
- Facilitated **24+ cross-functional design sprints** with PMs, engineers, and C-suite; conducted 5 internal usability testing sessions surfacing actionable friction points.

Manager – UX & App Design

Apr – Oct 2024
Mumbai, India

RBL Bank

- Led UX for **myRBL Bank** — mobile banking app with 5M+ users — redesigning onboarding, payments, and security flows across web, iOS, and Android; **reduced drop-offs by 20%** across 4 key flows.
- Owned 5-month design QA across **30+ flows, ~240 screens** on Android & iOS — 2,400+ screen-level checks for pixel-perfect delivery.

Product Experience Designer

Dec 2021 – Apr 2024
Pune, India

Mindstix Software Labs

- Led UX for **Amway Thailand** (top-5 global market) — multi-step eCommerce purchase flows across 3 user segments (guests, ABOs, registered users) on responsive web; also contributed to Artistry AR try-on.
- Conducted UX research across 3 **Lennar** projects ($33.67B revenue) — stakeholder interviews, journey mapping, ecosystem mapping, and strategic design recommendations.
- Defined company-wide **presentation design system** — visual language, style guide, component library, and usage guidelines.

UX/UI Designer

Mar – Dec 2021
Mumbai, India

Boho Procure

- Designed end-to-end UX for a B2B procurement platform — product flows, component design, and responsive web interface.
